

Joxilox Big5 Safari Naturist Group Tour October 2025

By Lofty and Amanda

There is nothing that makes us happier than the guests who book again for another tour. A New Zealand couple attended the Panorama Route Tour a few years ago and they booked again to attend the Big5 Safari Naturist Group Tour which took place in October 2025. What made it even better is that 3 couples who attended that particular Panorama Route Tour, booked again for other tours. The other 2 couples returned to attend our Kwazulu Natal Tour in November 2024. That is a HUGE compliment for us. On the Big5 Safari Tour we take our guests to the Kruger National Park, The Pilanesberg Game Reserve and the Dinokeng Game Reserve which is only 4 kms from SunEden. Apart from the Safaris, we also take our guests to the Lesedi Cultural Village to watch dancing, singing and to find out all about our diverse cultures. We always smile when our guests joke about buying a wife in South

Africa and they wonder where they can buy some cows. On this tour, we went to the Maropeng Cradle of Humankind, the Rhino and Lion Park, the Harties Cableway, the Chameleon Market, the Lion and Cheetah Sanctuary and Adventures with Elephants. The new owner of the SunCafe Restaurant at SunEden, is Monique and she impressed our guests with great food, fast service and she even showed our guests how to have a braai (barbeque) with her famous "pap en sous" – I must say that it was by far the best "pap en sous" that I have had in my life. The accommodation at Marloth Park was really nice and there were many wild animals which

popped around for snacks, such as Zebras, Kudus, Impalas, Bush Bucks, Warthogs (Pumbas) and naughty monkeys. On the game drives, our guests saw the Big5 numerous times – Elephants, Rhinos, Buffaloes, Lions and Leopards. We were lucky to see every animal and bird that we wished to see including the Fish Eagles. After the tour, the feedback which we received was that the guests enjoyed the friendly South African Naturists and it was also mentioned that they enjoyed the company of the other guests on that tour. It is always our wish that guests come back again for another tour and that they tell their friends about South Africa and about Joxilox Tours.
